Among our high-school memories, the dream of banging a teacher ranks high. I recall one sleek babe who nailed a math teacher in her senior year. He was a young, good-looking dude in his first year of teaching at Lincoln High—thus, as soon as the school year kicked in, rumors of possible transgressions on his part were of much greater interest than any algebra equations he scratched on the blackboard. He played it cool, and despite the whispers in the boys' locker room, nobody really knew if the guy was canoodling one of the pubescent dolls bouncing through Lincoln's hallways. Toward the end of the year, he got a bit reckless. This tall, slender senior who made a point of telling her friends she preferred hanging out with older guys was frequently spotted leaning over his desk, requesting help to get her through trigonometry. I suspect she aced the class. In any case, he ended up quitting and married her a year later. As far as I know, he was not forced out of the school system and there was no scandal. Guess the guy got what he wanted at Lincoln and moved on to a higher-paying job.

For my part, I had my eyes on a cute English teacher who made us diagram sentences. Now this was back in the late fifties, but even then teaching grammar by diagramming sentences was considered old-school. Maybe that is still a good way to learn grammar, but for sure diagramming sentences locked down any talk of her interest in high-school boys. No rumors about her circulating around. No teacher nookie for me.

Sadly, Fuck the Teacher from Excalibur Films fails to convey the reality of a teacher-student fuckfest. I can go for a teacher sucking off a student, which is the main theme in this DVD, but a busty teacher with a tattoo giving a blow job? I don't know. Has there ever been a teacher in a home room sporting a tattoo?

On top of that, this director, Martin Del Toro, is best know for having his porn dolls take a load in their mouths and then spitting it out on the camera lens. No doubt there's a niche market here of fans who dig cum-spitters, but it's not my thing. She opens her mouth wide, cranks her head back and forth like a piston, the dick's driving all the way down her throat, the load pops, then suddenly she turns her head to the side and lets the glob fly. "See ya, my job's done."

A former high-school gymnastics champ, Lexie Marie, offers herself up as an anxious cheerleader in need of students, teachers or any other guy on the block in Extreme Close Up: Lexie from Vivid. This is top-notch for reliving that old high-school dream. Moving past high school, Sweetheart from Sin City is at times a fairly decent spoof on the price of celebrity fame. Lauren Phoenix and Steven St. Croix play a pair of TV stars who split up and then trash each other on TV talk shows. Great sex scenes throughout and the fake anguish offered up by Lauren blabbing before the cameras is priceless. Smother Me, directed by Uncle D, known as the "Canadian Ass Man," comes with a high recommendation from John "Buttman" Stagliano. In fact, he produced this DVD from Evil Angel. A few years back, Stagliano discovered Uncle D's ass-fetish website and was so impressed with the face-sitting, he hooked up with Uncle D and brought forth this DVD. Lotta big butt in here for the boys who like it supersized.

Finally, I'll take this opportunity—again—to plug my memoir, Vanilla Slim, published under my real name, Bob Armstrong. You can pick it up at Borders, Barnes & Noble, Powell's or hopefully your neighborhood bookstore. A book reviewer in the New York Post said, "Armstrong is a wannabe hipster journalist, an overage white pimp, speed freak and convicted felon. In short: a loser."

I am a loser, but it feels great to get a book published and trashed by reviewer in the Big Apple.

RECTAL FOREIGN BODIES

MEDICAL SCIENCE IS STILL UNSURE WHY MEN STICK FOREIGN OBJECTS UP THEIR ASSES.

They know that in many cases, it is for the erotic stimulation of the juicy prostate gland that nestles only a couple inches inside the anus. In other instances, it is for masochistic psychological reasons that may only be helped by a psychiatric professional and/or an exorcist. Perhaps it is for both reasons—a sloppy combination of lust and self-loathing. Or it may happen for spiritual reasons that we human peons, in our arrested evolutionary phase, would never be able to comprehend.

What IS known is that many men stick all manner of things inside their asses. And oftentimes, these things disappear down the bottomless rectal pit, causing intense pain and requiring an emergency-room visit. Medical journals are stuffed with accounts of

“rectal foreign bodies” lodged hopelessly up the bung-hole and how they were ultimately removed.

These stories—seemingly so outlandish that a skeptical mind would dismiss them as urban legends if they hadn't been so exhaustively documented—vary as widely as the array of objects than can potentially fit inside a human rectum. One thing unites them—they are all funny.

IRONICALLY, THE RECTAL-FOREIGN-BODY STORY which has burrowed far deeper inside the American consciousness than any other—the one involving **GERBILS**—has never been conclusively documented and must be presumed to be the stuff of fable.

Long rumored to be a favorite practice of gay men, “gerbiling” or “gerbil-stuffing” is said to employ one live rodent, either shaven or not depending on who's telling the story. In most accounts, the gerbil is declawed to avert rectal tearing. A tube is nudged into the

rectum, and the gerbil is then placed into the tube, whereupon he trots up into the dark moist anal canal, dancing the Macarena on the prostate gland until he suffocates and his dead body pops out during the host's next bowel movement.

I first heard of gerbiling while living in Philadelphia in the early 1980s. A local news anchor, Jerry Penacoli, was said to have visited an emergency room to dislodge a gerbil that had become trapped inside his tush during some homosexual slap-and-tickle with a gay lover. Although never confirmed, the rumor did irreparable damage to Penacoli's career.

Similar rumors about public figures emerged nationwide throughout the 1980s, culminating in the most famous gerbiling legend of all, that involving actor Richard Gere. It has been long rumored that he was admitted to an LA emergency room for gerbil-extraction. In one version, the gerbil was his own pet, named “Tibet.”

Avid researchers, including Mike

Walker

from

the National

Enquirer, were

unable to come up with

even a morsel of evidence to

corroborate the story. The most

plausible origination of the myth

involves a faxed hoax letter reputedly from the ASPCA accusing

Gere of “gerbil abuse” shortly after the

film *Pretty Woman* was released in 1990. The fax was refaxed throughout Hollywood, and a legend was born.

When confronted by Barbara Walters in 1991 about “salacious rumors,” Gere responded with a Zenlike, “If I am a cow and someone says I'm a zebra, it doesn't make me a zebra.” OK, Rich, FINE—you're not a cow. And no one's calling you a zebra.

But **DID YOU STUFF A GERBIL IN YOUR ASS?**

An extreme, and obviously false, version of the gerbiling legend involves two male homosexuals who panic when the tiny beast apparently becomes trapped inside one partner's rectum, causing the other partner to light a match in search of it. The flame ignites intestinal gas, causing the match-holder's eyebrows and hair to be scorched.

Due to the gerbiling legend's popularity, someone has undoubtedly attempted to do it—but researchers are unsure

if it actually works nor whether said procedure ever went awry to the point where it necessitated a 911 call or hospital visit. The American Hospital Association even published a book that included the phrase “rectal mass—gerbils” under the category of emergency-room procedures that require 25 minutes to perform. But when an investigator contacted the physician who'd authored the section in question, he laughed and said the editors must have slipped the joke in the manuscript before it went to press.

A CANDID DISCUSSION OF GERBILS AND OTHER THINGS PEOPLE REPORTEDLY CRAM HOPELESSLY UP THEIR ASSES

But fret not, my lonely and inadequate reader—I'm about to dazzle your eyes and delight your mind with a staggering array of true rectal-foreign-body stories. Medical annals fart forth a disgusting brown cloud of real items really extracted from the real anuses of real men: glass items such as bottles, tumblers, cups, and lightbulbs... all manner of phallic fruits and veggies ranging from plantains...kitchen appliances including parsnips to spoons, ice picks, and tin cups...sporting objects such as baseballs, tennis balls, and even (ouch!) billiard balls...candles, curling irons, and flashlights...axe handles and broomsticks...animal-related items such as a pig's tail, a steer's horn, a "kangaroo tumor," and a frozen fish...seemingly improbable artifacts such as a pair of eyeglasses, a mannequin's fist and forearm, and a plastic bag containing fish hooks...and, yes, even vibrators and dildos. One complainant's ass contained jeweler's saws—twenty-nine of them at once. In three extreme cases—involving a shoe horn, a twenty-two-ounce toolbox, and a two-pound rock—rectal foreign bodies have been known to cause death.

Short of mortality, the aspiring rectal inserter risks permanent muscle and nerve damage, infection due to mixing blood with shit, and even scar formation which can prevent him from ever having a satisfying BM again.

Victims are understandably loath to admit why they were shoving things so far up their poop chute that they became stuck. Older men often claim that they were innocently massaging their prostate or dislodging impacted feces when the big OOPS happened. And there's a surfeit of "accidental" sitting upon large objects which somehow penetrated their anuses to the point of no return.

In their selfishly pathetic quest to spare the subject any further humiliation, medical journals tend to avoid identifying factors such as the victim's name and location. Still, we can all enjoy a belly laugh at the following true stories:

- A 65-year-old man admitted himself into an emergency room with a peanut-butter jar stuck inside his ass. He claimed that while washing his dog in the shower, he slipped and fell directly onto the jar, which became lodged deep inside his tuchis.

- A 69-year-old married man claimed that a toothbrush became irretrievably lodged inside his rectal canal after he was using it to scratch his hemorrhoids.

- A 20-year-old man reported to the emergency room experiencing extreme pain after his partner gave him a "concrete enema" through a funnel. The enema was topped off with a ping-pong ball to ensure no concrete would leak out while hardening. The cement block, attached to the ping-pong ball, was removed without incident.

- A 20-year-old man in Bulgaria was rushed to an emergency room with extreme pain. Doctors found an oven mitt inside his rectum. He suffered rectal perforation not from the mitt, but from a stick he employed to "introduce" the item inside himself.

- An X-ray revealed that a 50-year-old man had inserted a twenty-inch live eel inside of his most special of places, ostensibly to relieve constipation. The eel caused rectal bleeding and was removed by surgeons.

- A 58-year-old man underwent surgery to have a soda bottle removed from his colon. Two years earlier, he had undergone surgery for exactly the same thing.

- Acting on a drunken dare, a 54-year-old man used shaving cream as a lubricant to insert a 100-watt lightbulb inside himself. He walked around for two days until extreme pain during urination brought him into the hospital. Physicians removed the lightbulb intact.

WHAT CAN WE LEARN FROM ALL THIS? Unless you're an idiot, you should have been born with the wisdom not to stuff lightbulbs up your doody-hole, so I'll stop short of using the hackneyed "Don't try this at home." But we can learn, once more, to laugh at the misfortunes of others. Although perhaps not as extreme as the stories of the man who, "feeling depressed," stuck a lit firecracker in his ass, nor the man who committed suicide by firing a pistol up his rectum, these stories mine rich nuggets of humor. And laughing at others is often the only way to feel better about ourselves.

WHORESCOPIES

BY VIE PUDDLES ASTROLO.VIE@GMAIL.COM

ARIES March 21 – April 19

You might actually keep your pants on this month; Mars has moved into the sex-phobic sign of Virgo. You'll be feeling somewhat prudish and very particular. You've got some bizarre and erotic expectations that need to be met if anyone's going to be able to get naked with you.

Sign That Thinks You're Sexy: Virgo

TAURUS April 20 – May 20

Well, Venus is moving into Cancer on the 18th, making your sap so sticky no one will be able to escape. Apparently some people are into that clingy kind of affection, so try to save it for them. You're super-sensitive right now, so avoid situations that put your emotions at risk.

Sign That Thinks You're Sexy: Libra

GEMINI May 21 – June 20

Venus will hang out in your sign for most of the month, so you just might be convinced you've found one of those soul-mates you've been looking for. But that's only going to seem like a good idea for a minute; Mercury has gone crazy this month and your Gemini mind definitely won't stay focused on one piece of ass for long.

Sign That Thinks You're Sexy: Leo

CANCER June 21 – July 22

I'm sure a part of you would like to believe that the glyph representing your sign has something to do with oral sex. Wrong. Really, how many Cancers give good head? But fortunately, the sun is passing through your sign and overheating your crab shell. Now is the time to expose your sexy underbelly and do something to make up for all that faulty fellatio. Oh, and happy birthday!

Sign That Thinks You're Sexy: Capricorn

LEO July 23 – August 22

So the sun is going to be stuck in Cancer this month, pissing out most of your flame and leaving you all emotional and moody. Poor, poor Leo, just keep yourself in the center of attention and no one will get hurt.

Sign That Thinks You're Sexy: Gemini

VIRGO August 23 – September 22

Your guiding force Mercury has lost its mind this month, so get ready to be the biggest basket case you've ever been. Aside from all your neuroses, Mars has started a fire in your chastity belt. You could either beat this one out yourself or call the fire department for some help.

Sign That Thinks You're Sexy: Aries

LIBRA September 23 – October 22

Well, Libra, Venus will be entering the sign of Cancer on the 18th.

Get ready for a serious wave of emotion that might tip your balanced scales. You may actually get a little needy and jealous. Your favorite sexy style is probably spooning.

Sign That Thinks You're Sexy: Taurus

SCORPIO October 23 – November 21

Go for the goo! Jupiter will be going direct the 6th, hopefully giving you a little ambition and a lucky streak. Stop punishing yourself, Scorpio, it's time to share your sexy!

Sign That Thinks You're Sexy: Sagittarius

SAGITTARIUS November 22 – December 21

Jupiter's in Scorpio this year, getting you sexually inspired, so I'm sure you've been brooding on some serious philosophies of sexy.

Life should be getting a little easier on the 6th when Jupiter goes direct again. You'll be back on the hunt for that good orgasm, so good luck; really, I hope you find one.

Sign That Thinks You're Sexy: Scorpio

CAPRICORN December 22 – January 19

There's a full moon for you on the 10th. Get ready to drop your drawers and put your booty in the air; it's time to expose yourself. Let all those things you repress come out under the under the light of this Capricorn moon.

Sign That Thinks You're Sexy: Cancer

AQUARIUS January 20 – February 18

Well, Aquarius, Neptune and Uranus still have you all fucked-up. Really, you might find yourself eating some ass when you really think you just have a mouth full of nuts. You've totally lost your unique sense of direction, so I'm advising you not to follow your nose.

Sign That Thinks You're Sexy: Pisces

PISCES February 19 – March 20

So I'm guessing your imagination has reached some new level of bizarre that even shocks you. When trying out your latest fetish, be cautious and make sure no one gets hurt.
