OUR SERVICES

OUR MISSION

Phoenix Media has been providing service to the NorthWest and beyond for over two years. Our mission is simple. To provide you, the client, with the most affordable, dependable, and fastest print or design services possible. In most cases we will have your order ready for pick up the next day. We offer a full in-house design staff made up of some of Portland's finest designers. From cutting edge hip-hop / rock influenced design, to more traditional and bold corporate style, we can make your company stand apart from the rest.

EMAIL RESUMES TO XMAG@QWEST.NET - - NO CALLS PLEASE.

For men, it is the ultimate American Dream, that moist mouth, that bottomless throat draining the swamp of lust, sucking them all, the short and the fat, the long and the tall, her head nodding off to the side, her eyelids fluttering, her low groans, down on her knees with her hands falling by her side as it disappears and reappears between her lips, then suddenly, wonderfully, the spooge spews.

Going down, giving head, kowtow chow, polishing the knob, smoking the blue-veined Havana, sucking the love torpedo, whatever you wish to call it, the blow job remains center stage in dreams, in real life, and in porn.

It goes back to the beginning—I assume Eve gave Adam a deluxe blow job after he bit into the apple—although it remained a taboo well into the 20th Century, just about everywhere on the planet except among a few enlightened aborigines scattered here and there on South Pacific islands and outposts in darkest Africa. It's difficult to pinpoint when the blow job took hold in this country, but certainly Alfred Kinsey's 1948 bombshell, *Sexual Behavior in the Human Male*, gave it a lift. Still, any of the boys returning from World War II likely would have been dazzled if offered this kindly coming home activity by their wives or girlfriends, and perhaps only the troopers among the liberators of Paris had been lucky enough to get truly liberated themselves by a tart on the Left Bank.

The ice cracked a bit in the late fifties. I recall my own envy at the time when a fiend of mine at Lincoln High School filled me in on his girlfriend's specialty. "I don't have to worry about getting her pregnant," he added. Fascinating that in 1959 he captured the popular line in high schools today, where the blow job is apparently considered on a par with an after-school snack, and among some Sweet 16s, it's not even considered a sexual act. No wonder there have been so many stories lately about boys falling behind in school. They no longer have to channel their pent-up aggression into homework.

Here's one example of how deviant they considered oral sex in 1960. A highly respected and quite progressive investigator of sexual behavior, Dr. Edrita Fried, claimed the blow job fosters "de-individualization." In an academic journal, Fried wrote the cum-sucker is a "sexual tool rather than a flesh-and-blood playmate who has individuality and desires of his own. Oral sex permits a high narcissistic condition." So much for the contemporary view the year JFK went to the White House. (Can it be said John Kennedy was a narcissist because Marilyn Monroe sucked him off?)

During the "Make Love, Not War" years, the taboo on the BJ pretty much shattered, although that was mainly among those on the barricades and, thankfully, for the guys making war in Vietnam who now have fond memories of their first blow job from a pretty Vietnamese dewdrop in a shack along the River of Perfumes. But the sublime sexual act still hadn't busted into the mainstream. That happened in 1972 when an enterprising pornographer laid out about twenty grand to produce a movie that has since grossed over six hundred million bucks: *Deep Throat*

For all its fame in breaking down the barrier, to my mind the best and funniest scene in the flick is the setup where the doctor (played by Harry Reems) examines poor Linda Lovelace, who has a problem getting off. To be sure, there is some sexual excitement in her life, but she says regular old intercourse just doesn't seem all that great: "You know, no bells ringing, damns bursting, or bombs going off. What can I do?"

The helpful doctor asks her what excites her the most. She says, "giving head," then points to her neck. Doc Reems examines her mouth and discovers that Ms. Lovelace has her clit in her throat. For a moment, this devastates her. The doctor tries to reassure her: "Having your clitoris in your throat is better than having no clitoris at all."

Linda replies—and here's the best bit of comedy porn has ever offered—"That's easy for you to say. Suppose your balls were in your ear." The doctor snaps back: "Then I could hear myself cumming."

Bravo!

PROSTITUTION FROM SACRED TEMPLE HARLOTS TO SIDEWALK CRACK WHORES

In our old, battered, ugly English language, the word 'prostitute' signifies someone who sells both their body and their soul. To study the array of unsavory nuances we've slathered onto the word is to comprehend how our sick, impotent, double-standard-flaunting society views the lowly prostitute. The avid researcher also gleans a golden understanding about how our culture—yours and mine—views men, women, and sex. As always, it doesn't look good for the guys.

To be a prostitute means only to exchange sex for pay; but to *prostitute oneself* is a heavy bumper head trip involving spiritual suicide and a permanent fall from grace. To "prostitute" or "whore" oneself is to degrade, abuse, cheapen, and devalue oneself. It is to befoul, blaspheme, and contaminate thyself.

It matters not, my tastefully seasoned little butternut squash, whether you prefer to call her a harlot, strumpet, tart, trollop, concubine, courtesan, hooker, whore, or streetwalker. Each of these words, at least when referring to the female members of our species who have historically comprised the

Prostitutes are a necessity. Without them, men would attack respectable women in the streets.
—Napoleon Bonaparte

Whores...are dreadful, shabby, stinking, loathsome, and syphilitic, as daily experience unfortunately demonstrates....Women were made either to be wives or prostitutes.
—Martin Luther

Grown men should not be having sex with prostitutes unless they are married to them.
—Jerry Falwell

The profession of a prostitute is the only career in which the maximum income is paid to the newest apprentice.
—William Booth

For when she is sleepy, she cannot sleep; she must stay awake to caress some scurfy man, a huge, ugly buffalo, who has a mouth that smells like turds, and will bang away at all of her.
—Pietro Aretino

The prostitute is not, as feminists claim, the victim of men but rather their conqueror, an

outlaw who controls the sexual channel between nature and culture.
—Camille Paglia

Prostitutes are accused even by feminists of selling their bodies; but prostitutes don't sell their bodies, they rent their bodies. Housewives sell their bodies when they get married.
—Florynce R. Kennedy

QUOTES ABOUT WHORES

majority of prostitutes, implies **a woman who trades gash for cash.** (Male prostitutes trade cock for cash...or ass for cash...or a cock-and-ass combo platter...but I'm not interested in male prostitutes here. I'm trying to make a point about prostitution and gender, and all those sweaty male jockers and hairless boy twinkles just get in the way.)

Ancient Sanskrit is said to contain over three hundred nouns synonymous with "prostitute," including *Khumbhadasi*, which, roughly translated, means "sperm spittoon." To the Greeks, those wanton girls who would in more enlightened modern times be christened "sex workers" were known as "chopper-ups," "she-wolves," "kneading-troughs," "ground-thumpers," and "bedroom articles."

The word 'pornography' is derived from a Greek phrase meaning "the writings of a prostitute."

The word 'prostitute' itself has its roots in a Latin word meaning "to expose in public for sale." Among other colorful sobriquets such as "night moths" and "grave-watchers," the ancient Romans commonly referred to prostitutes as *meretricis*, meaning simply "girls who earn."

In many ancient societies, prostitution was inextricably tied to the sacred rather than the profane. It was an indelible feature of religious rituals worldwide, yet world religions ultimately turned against it and deemed it a bad, bad, naughty, evil, stinky thing.

It is my task to trace the historical trajectory of prostitution, from sacred to profane. Then, failing any substantial insight regarding the historical lesson, I will offer my personal opinions about why prostitution is forever doomed to be something less than kosher.

ALTHOUGH COMMONLY KNOWN AS "THE WORLD'S OLDEST PROFESSION," there is evidence that prostitution may be older than civilization itself. Throughout the zoological kingdom, girl animals consistently give up the pussy to the strongest male who controls the most turf. Biologists refer to this giving-up-of-the-pussy as "presenting behavior," in which the female primate deliberately presents her genitalia to the

male, signifying she's ready to GET IT ON. Animal behaviorists have observed female Bonobo chimpanzees exhibiting presenting behavior to males in exchange for food and protection. Male chimps will reportedly act much more tolerant of females stealing their food after having had sex with them. Similar behavior has been observed in female penguins—they're more likely to throw some pooty to whichever boy penguin can provide them with rocks for nest-building.

A LONG TIME AGO IN LANDS FAR AWAY, before the Christians and Jews and Muslims came on the scene to ruin everything, men would flock to the local temple and fuck the shit out of "sacred prostitutes." For a small honorarium, a man could simultaneously enter the harlot's vagina and the realm of the divine.

The Sumerians, who were around, like, a million years ago, employed "temple maidens" who accepted donations in exchange for a roll in the hay and a promise that she'd talk to God about providing abundant crops that year.

Sacred prostitution was likewise practiced in ancient Babylon, which required all Babylonian gals to turn a trick at the Temple of Mylitta (AKA Ishtar) at least once in their lives. Women were not allowed to leave the temple until a male had tossed a coin (of any value) in her lap, uttered the phrase, "I summon you in the name of the goddess Mylitta," and took her hand as they proceeded to knock boots until he achieved the proper release.

For thousands of years (until India finally outlawed the practice in 1988), Hindu *devadasis* (slaves of god) sucked and fucked their way onto higher karmic planes. Unlike the implicitly low status of modern-day

Prostitution is not an idea. It is the mouth, the vagina, the rectum, penetrated usually by a penis, sometimes hands, sometimes objects, by one man and then another and then another and then another and then another and then another. That's what it is.

—Andrea Dworkin

The simple fact that a girl can earn far more than in any other way, and earn it far more easily, by lying on her back and spreading her legs, is evident to every female.

—Hilary Evans

The truth is that prostitution is one of the most attractive of the occupations practically open to the sort of women who engage in it, and that the prostitute commonly likes her work, and would not exchange places with a shop-girl or a waitress for anything in the world....So long as the average prostitute is able to make a good living, she is quite content with her lot, and disposed to contrast it egotistically with the slavery of her virtuous sisters. If she

complains of it, then you may be sure that her success is below her expectations....It was established, indeed, that fully eighty percent [of former prostitutes] married, and that they almost always got husbands who would have been far beyond their reach had they remained virtuous.

—H. L. Mencken

Girls don't pay—guys pay!

—American Graffiti
