THE DEVIL'S OWNED

MY TEN BANDS
ARE MORE EVIL
THAN YOUR
TEN BANDS!

by **AERYN
MARTIN**

Ever hear or see a band that you just know the Devil himself would throw horns at? Have you ever seen a band with more evil and depravity than a Kathy Lee Gifford sweatshop? You know the groups, the ones that sweat blood out of their corneas and eat a bowl of nails for breakfast **WITHOUT ANY MILK**. The following ten bands, groups, minions of Beelzebub, or individuals have been chosen for just that. Whether they rock, shock, or make Tibetan monks grow hair so they can head-bang, these blasphemous bastards take the innocence in life and pound it into a fine white powder for us to inject into our devious veins.

10. LORDI

I don't know if I can say much about these guys that can't be seen in a photograph. Hailing from Finland, these four crazy bastards and one psychopathic bitch have taken Europe by storm. They've won countless awards, including Best Pop Song in Europe's version of the Grammys, are often MC'ed by Dee Snyder, and even have former KISS axeman Bruce Kulick featured on their latest CD. With such lyrics as "The devil is my bitch," I bet these guys could throw down with a hefty S&M session with ol' Lucifer. Their sound is hardcore butt-rock, and their feel is hardcore ass-kick. Expect to see more of these abominations around, I hardly doubt you could miss them. www.myspace.com/thelordi. Check out their videos, I think I'm still laughing, except this time, blood came out of my nose instead of milk.

9. MARILYN MANSON

Love him or hate him, this lyrical monster is a fucking genius. As intelligent as he is scary, Marilyn Manson

reinvented the standards for free speech in music and has taken a constant bashing from both the media and angry grandmas on the bus. It's not just that he was a long-time friend and colleague of Anton Szandor LaVey (the leader of the Church of Satan) or that he's married to one of the hottest gothic pieces of ass, Dita Von Teese. It's that he continues to have something outrageous and amazing to say, as soon as you start listening and stop staring at his seemingly vacant eyeball.

8. GWAR

I've always wondered what it would be like to be the decaying aborted fetuses of hell's prostitutes, and if I ever get the chance to meet Gwar, I'll have to ask them. It's not just the outlandish costumes, blood, disembodiments and dismemberments—it's the show these guys put on and the presence they project. I don't know what you'd call it, but it's entertaining as hell. Who could forget the scene in Empire Records where an employee eats pot

brownies and visualized being eaten onstage by a phallic-looking drooling tube with teeth? Gwar is what happens when parents do PCP before making Halloween costumes.

7. BARBRA STREISAND

Maybe it's the voice...you know, that screeching nasal appendage that tears through your lower intestine and kinda makes you want to punch small children in the face. God forbid should there be a day-care center around, because those kids are **FUCKED**. Alas, Satan loves Babs and her reverse rhinoplasty. She's been feeding off of divorced, widowed, fat-ass 50-year-olds—giving them false hope in hard times, and Satan loves deception. Somebody please take this bitch out with a 12-gauge.

6. ROB ZOMBIE

The man, the director, the originator of some of the best intros in musical history, Rob Zombie has been playing Texas Hold 'Em with the devil since White Zombie, and he's been writing, directing and scoring some of the most outstanding cult films in history. His creation of some of the most notorious characters in the horror genre has been a perfect complement to his

music and personal character. With grainy black-and-white videos like that of "Living Dead Girl" and songs such as "Pussy Liquor," Mr. Zombie takes the cake in classic horror brought to life. As he so eloquently put it, "All you need in life is monsters and hot girls. So long as those hot girls are holding a six-pack and a pack of Lucky's."

6.66 KEITH RICHARDS

I would love to say a few words about rock 'n' roll's holder of the most liver damage cause by an intoxicating substance, but he already sold his soul and all copyright laws about his name and/or music to Satan for a teener...thirteen times.

5. MESHUGGAH

The Yiddish word 'Meshuggah' translates into 'crazy' in English, and these vile fuckers are just that. They're an experimental group from Sweden, and I wouldn't be surprised if they coated their crepes in blood. I could go on and on about this group, and it'd be useless unless you've seen them live. If you're looking for a similar effect, just superglue some razor blades onto a Q-tip and start digging into your eardrum.

4. SLAYER

SLAYER!! SLAYER!! MOTHERFUCKING SLAYER!!! I don't know of a single spike-toting, tattoo-sporting, beer-consuming metalhead who doesn't idolize this musically immortal group. I don't think I've gone to a single metal show where I haven't seen about a hundred of those little inverted pentagram patches slapped on the leather of Seattle's finest moshers. Slayer dominates in talent and dropkicks

onstage. Hell-bent on making you leave a show with battle scars from the pit, Slayer is the background music to hell's ritualistic...errr...slayings.

3. CRADLE OF FILTH

If there is ever a "Best Band T-shirt" award, these guys would win it. I don't know if they're Goth, metal, death-metal, or rock, but with songs such as "Lord Abortion," what's not to adore about these spooky spooks of spookiness? They've been flyin' around the

world on the wings of the devil, and it doesn't look like these patrons of face paint will be crashing anytime soon.

2. NINE INCH NAILS

The Devil (and I) would love to fuck you in the back of your car, Trent, and god is dead—but I didn't care until I heard *Heresy*. Industrial super-group NIN is without a doubt a landmark in hardcore. They house more

angst than Gay Pride Day at a Catholic church and channel it into some of the most powerful music this century has ever heard. NIN reinvented the mosh pit, and every time someone plays *Pretty Hate Machine* from start to finish, an emo kid dies. It's a beautiful thing.

1. OZZY OSBOURNE

Now, I could have picked KISS to be number one. I love KISS and any group that totes the

alleged nickname 'Knights In Satan's Service' is a badass in my book, not to mention Gene Simmons, AKA the tongue that launched a thousand orgasms, but after seeing Paul Stanley in his Richard Simmons tights in the "Heaven's on Fire" video, I had to surrender the sacred spot to someone more deserving: the Ozzman. I think that biting the heads off of animals, snorting trails of ants, and breeding little shitheads like Kelly and Jack Osbourne truly makes you a pen pal of Lucifer. This sinister son of a bitch set the standards for metal and deviance alike, so he gets number fucking one. Deal with it.

(Publisher's Note: It seems like every time we do a top ten, I get a flood of emails, comments, or drunken accusations that our list was off the mark, or that we forgot the most notorious member that should have been a part of said list. The fact is, Aeryn wrote this, she's in charge and you're not, so as she said...deal with it. I myself disagree with some names that either were not mentioned, or mentioned at all, but if it was that big a deal to me, I guess I would have written the fucking thing myself, now wouldn't I? But since I am the publisher, I get to complain right here if need be, and my biggest issue with her contribution is Lordi being number 10. I actually forced her to include these guys in the first place...but #10! Jesus, woman, and Trent Reznor is #2! Reznor lost his edge years ago, now he's slipped into a, dare I say...emo state of pop-infested diarrhea. If Satan ever did have a bid on Reznor's soul, I think he traded it for someone with more balls by now, like Pat Boone.)

"Nothing but the naked truth"

October 2006

My favorite time of year is upon us. It's time to get all scary, dress up like the freak within, and haunt one of the many dens of iniquity that Portland has to offer. Yeah, sure, maybe when it comes down to it, you're still just a trick, but the treats make it all worthwhile. So let's go ahead and kick it off with all the wicked Halloween shenanigans you can find throughout Skin City this month.

IN THE CLUBS

Atlantis Showgirls will be hosting their "Sinners and Saints Halloween Party" on Saturday, Oct. 28th @ 9PM featuring a live band and costume contest w/\$250 in prizes.

You can take your pick between **Cabaret I** and **II** for their 3rd Annual Halloween Costume Party at Cabaret I and 1st Annual at Cabaret II, where you'll find door prizes, theme shows, scary drink specials, and prizes for best costume (1st \$300, 2nd \$200, 3rd \$100). The contest starts @ 11PM, is open to all and will be judged by audience applause.

Shiver me timbers, ye horny scallywags! **The Devils Point** is the place to be on Saturday, Oct. 28th, for their Halloween Pirate Party, featuring live music by Sunken Chest and also by Captain Booty Beard. Meanwhile, over at the **Dancin' Bare**, the Halloween Party will be going down all day long on Saturday, Oct. 28th, from 3PM-2:30AM. Come see the sexy ladies of the Bear in their costumes; better yet, come watch the costumes come off.

The Dolphin I and **II** will have plenty of tricks in store for you on Saturday, Oct. 28th, @ 8PM with Halloween Parties at both clubs featuring free stuff and a \$300 prize for best costume. Not to mention The Dolphin II's 5th Anniversary Party on Thursday, Oct. 19th @ 8PM.

Over at **The Dream On Saloon**, stop by for the "Stuff the Box Contest" (I'm not touching that one!) on Thursday, Oct. 19th (1st \$100, 2nd \$50, 3rd \$25), followed up by their Halloween Bash on Saturday, Oct. 28th. Be sure to arrive in costume for free prizes.

Stars Salem will be getting their freak on with the "Fetish Circus III—A Hellraising Halloween Bash" on Tuesday, Oct. 31st @ 8PM. Plus all month long is Rocktober, featuring heavy bands with hot chicks.

Rounding out the sexy and spooky places to be for the holiday are **iCandy**, with a Halloween Party on Tuesday, Oct. 31st, plus live music throughout the month...**The Pallas's** "Heaven and Hell Party" on Saturday, Oct. 28th @ 9PM...**The Boom Boom Room's** "Halloween Bash" on Sunday, Oct. 29th @ 9PM...

Soobie's Halloween Party on Tuesday, Oct. 31st, with free champagne...and last and certainly not least, **Tommy's III's** Halloween Party on Saturday, October 28th @ 8PM, with a free buffet and Scariest Costume Contest at midnight.

If Halloween isn't your thing, of course there are other events to keep you hot and bothered throughout the rest of the month, such as the return of **Jody's** "Exotic Magazine Covergirl Contest" with preliminaries on Thursday, Oct. 5th @ 9:30PM, followed by the finals on Thursday, Oct. 12th @ 9:30PM. Be sure to support your favorite ladies, guys, as this one is judged by all of you. Also at Jody's is the "Booty Shakin' Contest" on Thursday, Oct. 19th, with cash prizes and open to all entertainers.

The all-new **Aces High** presents the "My Dreamgirl TV Model Search Tour" and is looking for the Northwest's hottest pinup on Saturday, Oct. 21st. The party will be hosted by none other than Ron Jeremy and Tasha from *My Dreamgirl TV*. Plus, awesome specials all month long and downtown's only mechanical bull.

Bliss will be heating things up with the *Girls Gone Wild* search for the wildest bar in America on Thursday, Oct. 12th. This will be the only stop in PDX on the GGW tour, so be sure not to miss this

one. For reservations and VIP treatment, call Rick at (503) 412-9217.

DV8 will be hosting an appearance by the Stoli Girls on Friday, Oct. 6th @ 9PM; be sure to stop by for Andy's 40th Birthday Party on Friday, Oct. 20th @ 10PM. **Tommy's Too** is hooking it up with "Tight-Wad Tuesdays," featuring \$5 table dances, plus *Monday Night Football* specials and daily specials from 1-3PM and 7-9PM. And welcome to the all-new **Sin Club**—not a strip club, but with a name like that, you can be pretty

sure something naughty might be happening.

IN THE SHOPS

Foxy's all-new private lingerie-modeling shop will feature a new spin on pampering for men until midnight everyday at 8405 NE Fremont. Stop by to check 'em out. They are also hiring nude models and stylists. Coming soon is an all-new location for **Babydolls**.

ELSEWHERE

Hey, ladies...sense it getting chilly out? Then why not head to **Club G Spot** on the US island of Guam where they provide airfare, housing and an opportunity to earn up to \$5,000 per week? Call Chris @ (671) 649-7409, or email chris@clubgspot.net.

Stop by **Area 69** for the Best Pipe Prices In Town. **Bullet Proof Grills** is offering a special: Present this month's ad and get a discount on your own custom grill (as in for your teeth... diamonds, gold, etc.)

THE 13 MOST MEMORABLE MOMENTS (THAT WE CAN REMEMBER) OF *EXOTIC*'S 13TH ANNIVERSARY PARTY

by Mariah

1. What's a better way to kick off the night than thirteen girls in lingerie? That's why *Exotic* did it right for their thirteenth by treating themselves to girls—one for each year. Who needs candles to blow out? I can think of better uses for my mouth. Thank you to Cathie's, Fascinations, and Taboo for making this possible. Girls were representing from Carnival, Exotica, and Daniel James Productions.

2. As if things were not hot enough on that late August night, Velabonz took the stage twice and heated things up a little more. These guys were definitely worth sweating for. Thank you, Velabonz—you guys ROCK!

3. Remember Finger Bang City from August's issue? Thank you, FBC for rockin' our crotches in person this time. They can finger-bang my ♥ anytime! After hits like "Show us Your Penis," the crowd was eager to please until they heard "Size Matters." Rumor has it they saw all five of Velabonz's penises. Sloppy B. and Mutha Superior, you skanks are awesome!

4. Party like the Stars! Thanks to Daniel James Productions, this was a red-carpet event where you, too, could have your picture taken with a hottie of your choice and even take a print home with you. Wanna be in *Exotic*? This could be your chance. Look for the *Exotic* backdrop at future events. Thank you, Daniel, Nigel, and Warren.

5. Silent Partner? *Exotic* employees were interested to learn of their new boss in the VIP. Congratulations to the *Exotic* Douchebag of the Year on being the only person of a full house to get kicked out of Berbat's that evening. But only after threatening pending termination come Monday for a few of us. Hey, douche—I'm still here, where are you?

6. It just wouldn't be an event in the adult world

without a fire show, and that's why *Exotic* got that covered by the best in the business, TyFire of Sassy's. She and Austin Rose, also of Sassy's, lit up the stage. Literally. Pyromaniacs are HOT!

7. I had one question for the audience when I made my feature appearance onstage that evening: "Who stole my muthafuckin' shoe?" Actually, in retrospect I have another question: Who steals just one shoe? Maybe the infamous one-legged stripper does exist!

8. Finally, new *Exotic* T-shirts on sale! Quality Ts and tanks at a fair price from a cute girl. Miss out on getting yours? Don't worry, find out how to get one at www.xmag.com or buy one at other *Exotic*-sponsored events.

9. Straight from the pages of *Exotic*, our very own writer J.Mack showed us whatz crackin' on stage with a set that showed us he's still a strong force in the Portland rap scene. I just wanna know one thing... where can we see you perform next?

10. Thank you to the Pussycat Dolls for making burlesque hot again. And thank you to Sinner Saint Burlesque for coming down from Seattle and for doing the new thing by doing the old thing! These ladies are guaranteed for a good time; personally, I can report that I had a few of them in my bed by the end of the night.

11. Certain *Exotic* staffers would like to report the highlight of their evening: blazin' it up on the streets of downtown Portland! There's nothing like lifting the employees' spirits. We'd like to thank the Portland police for making this possible.

12. Thank you, Iesha and Tabitha from Exotica International for adding a little spice to the night by providing us with a booty-shaking show that you won't see anywhere else downtown. Check their ad out in this issue and then go see them in da clubz and show them some luv.

13. The staff of *Exotic* kept the party going 'til the wee hours of the morning—some of us more than others (wink, wink). If you were fortunate enough to be there, you know all about the after-hours at an undisclosed location where the debauchery continued. Thank you to our gracious after-hours host for taking such great care of us!

It's on again, y'all! In this month's column, I'll be letting you know who got some heat for the fall and wintertime. I will also tell you my opinion on whatz sexy and what ain't! Some of you dancers really need to peep that section! Plus the Tat Cat Ken Keck is at it again! I also got another fly Honey of the Month! She's a Senorita!

whatz crackin'?

by j.mack

First Up... "B'Day!"

This is the title of **Beyonce's** second solo album, and believe me, this chick is even better than ever! Her first single, "Déjà Vu," is well put-together with good instrumentation as well as her bomb-ass vocals. Beyonce's second single, "Ring the Alarm," shows her passion for not wanting to lose her man. I first heard this track while watching videos at the pad, and I must say, she turned it up a notch on this one! It's a very powerful track, and any woman that's ever had to fight for her man can definitely relate to this one. All I can say is,

Jay-Z is a lucky muthafucka! Beyonce also blew it up on the MTV awards, rockin' the trenchcoat with very little on underneath. Her performance made some of the other female artists look like people you might see auditioning for *American Idol*. She is in a league of her own, and her new album "B'Day" proves it! Make sure you pick this joint up.

Next Up... "Nahhh, Baby!"

This is a phrase I've used under my breath far too long! I can't help saying it when I see a stripper or exotic dancer doing something she ain't got no business doing or ever trying to attempt. I'm sure you have probably said it, too. For example, you're at one of the many strip clubs here in town and you see the next girl get onstage. She immediately stomps her foot or kicks the hell out of the wall to get attention. You're thinking it was a gunshot or something. You then see one or two people that feel sorry for her go to her rack. Now she gets overly excited because somebody is at her stage. She then attempts to do the rump shaker, but she really has no rump to shake. Not just that—this chick ain't even on beat! "Damn, who hired her?" is what you're probably wondering. Then there are the ones that try to work the poles and can barely hold themselves up. In my opinion, seduction is the key to being sexy! Not scare tactics, dancing off-beat, or trying to kill yourself on the pole. I must commend the honeys that do know how to present a hot stage show. Keep on bringin' it, mamas! Work what you got, baby, and if you don't have it, then please don't work!

"Around the Town"

Last month I had the chance to go check out **Young Dro** at the Roseland, and this cat threw down! I don't think it was as big a turnout as the promoter may have wanted, but it was still a good show.

This Month on Thursday, October 12, I will be throwing another "Big Phat Libra Joint" at the **720 Club** for all my Libra peeps! I will also be performing live. The club is located at 720 SE Hawthorne. All Libras will get in free, and all ladies are free until midnight. Plus 2-for-1 specials for everybody. Dress fly, baby, and I'll see you there! Plus if you dig hip-hop and reggae, make sure you check out Portland's own **Lifesavas**, who will be opening for Michael Franti and Spearhead on October 14th at the Roseland Theater.

"Tat Man" Ken Keck

This cat is one of the best! He now has a new digital tattoo device that makes his work even better and precise. He can use your own designs, or he can design something for you. Holla at him for the hookup, and make sure to tell him Mack sent you to receive the discounted price!

Honey of the Month

Congratulations to **Tanya** for being the October 2006 Honey of the Month. This beautiful Hispanic young lady is one of the most down-to-earth chicks I've met in a while! When it comes to hooking up some homemade cuisines in the kitchen, this girl can throw down! Big ups baby, and much love...

Whatz Crackin' Sponsors

503girls.com is doing it real big as Portland's #1 adult website. Make sure you log on and check it out. Shout out to my man Brian....**Ken Keck**, tattoo artist, has the ink ready to hook you up! Just hit his line for your appointment at (360) 696-9020....**Club 720** is featuring Ladies' Night every Thursday with **DJ CMC** and hosted by yours truly, J.MACK. We also love to play the music of our Portland artists, so make sure to bring it if you've got it!

Until next month, ya'll keep it "Crackin'!"

One Love,

J.Mack

RELIGION, SEX,

prescribes the death penalty for the "abomination"

Religions are retarded for many reasons,

not least of which is the fact that so many people believe in them. The surest way to prove a belief system is false is to offer evidence that a lot of people accept it as true. Most people wouldn't know truth if they were beaten to death by it, and few would know how to be an individual if you stranded them on an island all by themselves. Groups are, by nature, superstitious and stupid. All human social factions worship around the dual thrones of patently obvious falsehoods (the "sacred") and obviously illogical prohibitions (the "taboo").

Taboos are the glue that hold societies together. All groups, no matter how *outré* or "edgy" they consider themselves, are hopelessly infected with the Taboo Germ. This holds true whether the group defines itself as a 'religion' or an enlightened alternative to religion. With every taboo that gets killed at the roots, a fresh taboo grows in its place. Boner-wilting new folk religions masquerading as "social movements" are no better than the caveman religions: The Divine Temple of the Anti-Racist Lynch Mob and The Pap-Smeared Church of the PMSing Sex-Positive Goddess are as punch-drunk with dumb rules and bloodthirsty mob idiocy as the granddaddies of the Judeo-Christian-Islamic tradition.

But let's give props where they're due. The ancient Hebrews are thought to be the first religious culture to equate sex with sin. The first thing Adam and Eve decided to do upon being ejected from Eden was to blush at their nakedness. Of the thirty-six crimes for which Mosaic law mandated the death penalty, eighteen of them pertained to sexual transgressions.

To this day, Orthodox Jews make a big hoo-hah about the alleged spiritual impurity of menstrual blood. The tiniest droplet of Vaginal V-8 is enough to taint anything upon which it alights. At the end of a Jewish woman's cycle, she must undertake a ritual "cleansing" immersion, and everything she touched during her period is to be burned. In one tradition originating in Eastern Europe, a Jewish girl's mother slaps her daughter in the face upon hearing of the girl's first menses, undoubtedly harshing the teen's mellow. But the Jews are not alone in demonizing Aunt Flo: Followers of everyone from Muhammad to Zoroaster feel much the same way. In fact, even the word 'taboo' is thought to be derived from the Polynesian *tupua*, meaning 'menstruation.'

The Hebrews hated homos, too: Leviticus 20:13

& TABOO

of hot, steamy, guy-on-guy sex. The Christians eagerly picked up the homo-hating baton: Romans 1:26-27 alleges that God condemned "men...[who] burned in their lust one toward another."

But a big "hats off!" to the Muslim world for taking homophobia to lofty absurdist extremes. According to one Muslim cleric's proclamation, "When a man mounts another man, the throne of God shakes...Kill the one that is doing it and also kill the one that it is being done to." According to another, "You should know that being murdered by a man is better than having homosexual intercourse with him." To this day, homo behavior is illegal throughout the Islamic realm. At least a half-dozen Muslim nations, including US-occupied Iraq, warrant the death penalty for faggin' off. In Iran alone, an estimated 4000+ men have been put to death since the 1979 revolution for, as the kids like to say, "mixing the smells of anus and hummus."

One must not forget those zany Christians, whose literary giants are repressed ballsacs such as St. Paul and St. Augustine. Christ's sheep are no slouches when it comes to sex-hatred. For nearly two thousand years now, celibate psychopaths have pushed their noses WAY up the asses of sexually functional, relatively well-adjusted peasants, resulting in hatred, violence, stake-burnings, and Catholic girls who French-kiss better than anyone on earth. Perhaps no other religion describes "immorality" in such purely sexual terms.

You were born free of taboos. It takes a society to smack them into your head. Taboos are social-engineering scams designed by unscrupulous, shifty characters who intend to rob you of your vital energies and cram you into a steel pigpen with other mindless swine. Religion exists to siphon away your sexual energies in exchange for the promise of a Divine Orgasm that never comes. There's always been only One Way to heaven, and it's right between your legs. Your body, as disgusting as it might be (to me, at least), is the only temple you'll ever have, the only cosmos you'll ever know. This is as good as it gets. You get nothing more. That stinking, slimy, rutting act—however you enjoy it, you sick fucks—is nature's best and only gift to you. With that in mind, squires and maidens, I urge thee to obey the One True Law: Do what thou wilt, but try not to get caught.

Fuck religion. Fuck taboo. Fuck society. Fuck you, too, while you're at it. All you'll have left is to fuck, and there ain't a fucking thing wrong with that.

HANZEL UND GRETYL

HANZEL UND GRETYL return this month to the Northwest to rattle your cages as they unleash their newest EP release, *Oktotenfest 2006*. Containing four new scorching tracks, *Oktotenfest 2006* is heavier than any other previous Hanzel und Gretyl. To celebrate their return, our very own **BETTY X** caught up with the dynamic duo for an *Exotic Underground* exclusive interview.

BETTY X: When and how did you two meet and what was the driving force behind *Kindermusick* (the first demo) and the choice of the project name—*Hanzel und Gretyl*?

VAS: That was so many light years ago...let me take a moment to dig into my memory bank. Now, let's see...*Kindermusick* was born out of frustration with the music scene and going against whatever was happening at the moment. We became the actual fairy tale (*Hanzel und Gretyl*), alienated from everyone else and lost on the streets of NYC with nothing but stale bread crumbs. In other words, we purchased drum machines and samplers, for lack of musicians, and innocently created our music.

LOOPY: We met while in the band *Cycle Sluts From Hell*. After it dissolved, I bought a Roland drum machine and said, "That's it! I'm starting a German electro-deathmetal band from outer space, dammit!"

BETTY X: I heard a rumor that you wanted to release an album entitled, *Into the Oven*. Is there a reason the CD was re-titled or never released? Or is it still on the horizon? (by the way—if you ever make T-shirts of that, I must have one!)

VAS: Rumors are just that. We play around with a lot of CD titles before we decide on which one to pick.

LOOPY: We needed something that depicted a fiery shit storm! Alas, *Scheissmessiah* was born!

BETTY X: Have you been banned from playing Germany for the release of *Uber Alles*?

VAS: Again with the rumors! German CD stores and even online stores may not openly sell our CD because they believe it is

controversial. If that's the case, obviously they don't get it, or maybe they're just jealous of our schnitzel-making talents? Some Germans seem to be very cautious about anything that might create even a small rise of the eyebrow. No matter where you are, it's always been that way and we're not the only band that gets the scrutiny treatment. Despite occasionally being misunderstood, there are tons, or should I say teu-tons, of German fans that play our music in clubs, on German Internet radio, buy our CD and send us emails constantly who do get it! We hope to finally get to Germany and Europe next year!

LOOPY: To my knowledge, we are not banned from playing anywhere, but it's high time we get this thing to Europe and other faraway lands, considering that most of our songs are

in German or some other language.

BETTY X: Vas—who are your musical influences vocally? I hear *Nina Hagen* influences, and I simply love her voice and charisma. You possess that as well; with the German accent, albeit faux, it's still tough and sexy.

VAS: I love *Nina Hagen*, but I could never possibly sing like her. She has a trained operatic voice and I am just an angry guttural beeeeeeeatch!! I love her intensity and really relate to her freakiness. I also love *Siouxsie and Dead Can Dance* vocalist *Lisa Gerrard*...they bring me to a very sedate place. As far as my vocals, I do the best I

can with what I have to work with. I love play-acting accents; that comes very naturally. As far as musical influences, I am all over the place: from black metal to sublime ambient, to old-school punk, to even some shit-kickin' country-rock music.

BETTY X: Loopy—what were your musical influences as a kinder?

LOOPY: *Brian Eno* was a huge influence, but then again so was *Slayer*...I have very specific tastes based on nothing I really understand.

BETTY X: You guys have a history of supporting and headlining some of the best industrial-metal bands of the 90's/00's: *Marilyn Manson*, *Prong*, *Rammstein*, and just recently with *Ministry's "Evil Doer" Tour with My Life with the Thrill Kill Kult*. Any stories from the road? There must be with that lineup. It seems *Al* is a prankster on tour.

VAS: Being on tour with *Al* is like joining the circus. He is a very funny, loveable and insane muthafukka! Everything revolves around good times, and that we had...way too much to even begin to explain. Being on tour with *Manson* was exactly how you would expect, weird and rock-starrish. Being on tour with *Rammstein* was the greatest wet dream for *HUG*, or should I say for *Vas Kallas*...ahaha!! Those guys were the nicest, most down-to-earth menschen you'll ever meet. Wish we could tour with them again!

LOOPY: After the last show on the *Rammstein* tour, *Till Lindemann* insisted we take him to where I live in the Bronx! We walked into a bodega and got a coupla six packs. "This is a famous German rock star!" I proclaimed to the guy behind the counter, to which he replied "\$14.50." To this day, *Till* is still the only member of *Rammstein* who has been to the Bronx.

BETTY X: Anything else you want to add? Anything you'd love your fans to know?

VAS: YES!!! We expect to see you all at *Oktotenfest 2006 Tour* this FALL! We'll be at the 'NEW' Fenix in Seattle on Oct. 22 and in Portland on Oct 23 at *Rock N Roll Pizza* (with *Betty X*)!!!
