It's not often that a writer sits down and candidly discusses his morning erections. If you're a male, I'm sure you've had a morning erection. If you're a female, chances are you've accidentally bumped into a morning erection. What are we to make of it all?

Scientists—who rarely know anything about writing—call the phenomenon of sleepy-time erections “nocturnal tumescence,” and I think I saw them open for *Cannibal Corpse* about ten years ago. Scientific theories abound for why men pop boners while asleep, but if you take a good look at most scientists, I wouldn't trust them to know anything about sex. So I—a highly sexy man—am left to roam the dark perimeter beyond polite society and ponder morning wood as if it were a philosophical dilemma.

The idea that men are slaves to their dicks is a social truism. The notion that men are powerless to contain their gorilla urges is a popular one. More than one girlfriend has told me that because I'm a man, I have absolutely no control over my sexual impulses. I like to think this is untrue except in the case of the morning erection. For that, I have absolutely no explanation. And this is why it upsets me.

I look down, and there it is. I can't rightly deny it. It's a proud sunflower reaching upward toward all the warmth and light the world has to give. It stands like a gleaming rifle cocked to blast through the nearest little white dove. It leads me around like the big steel handle on a little red wagon. It's big and sturdy enough to ride away on like I'm a witch on a broomstick. It's my proud stalk of Hawaiian sugar cane. My bold Mongolian fighting stick. Ready for action. Ready to penetrate. Ready to rip, mangle, and pleasure. Ready, whether I like it or not. And that's the problem.

Now, the wake-me-up *blowjob* is an entirely different beast. An unexpected mornin' beej, in which a man rouses from slumber to find his member fully swollen and nestled within his partner's eagerly slobbering mouth, is one of the finest things a man can experience in this cold, dreary life. But although the wake-me-up blowjob may be involuntary on the recipient's part, this is more than compensated for by the fellatrix's bold, decisive action. At least there's a good dollop of the ol' triumph-of-the-will involved. The wake-me-up blowjob is an existential act.

What disturbs and upsets me about morning wood is its *involuntary* nature.

I haven't had a sexually graphic dream that I've remembered since I was, oh, four years old or something. I get all of my action during my waking hours. Or maybe I'm having dreams that are so perverted, I blot them from my memory before I awake. But to the best of my knowledge, waking up with morning wood has no immediate antecedent in my

nocturnal fantasy life. I honestly can't remember the last time I awoke from a dirty dream. But I wake up every morning with a nine-pound hammer between my legs. It defies me. It's the very model of determination.

I don't typically enjoy morning sex. I usually need a swig of vanilla-mint mouthwash and feel like I have to take a shit. I'm all groggy and cranky, and until I get some coffee and eggs in me, I'm a potential serial killer. Given those parameters, I hardly ever want to have sex when I wake up.

But that doesn't stop the morning wood. My body has other intentions. It wakes me up with a hard-on that bypasses my mental functioning—that whole imaginary blob the experts call my “sexuality”—and simply wills itself into being.

And because it occurs with a seeming lack of will on my part, I'm highly ashamed. Mind you, not much embarrasses me. I'm not even ashamed of the fact that I use emu oil when I'm shaving my balls or that I sometimes let my girlfriend stick her finger up my ass, but I'm ashamed of my morning erections because I have no control over them. I don't necessarily have to use emu oil when shaving my balls, and if I don't want my girlfriend to stick her finger up my ass, I can just pull it out, but I have no control over whether or not to wake up with a bone-bone. And that's highly embarrassing to a man of my mien.

It's as if my cock is telling me, “See me? I am your fundamental project today. I don't care about you and your precious ‘plans’—go ahead and stick me somewhere pronto.”

We like to think we're driving the car, but the morning erection is a runaway bus that careens along with us trapped inside. It's sad to contemplate that in the end, our bodies don't give a fuck about what we think or feel. Our bodies wind up killing us every time.

The only sure thing I could do to prevent morning erections would be to sever my penis, and I don't think I'm ready to take that step.

The only event for **every adult retail outlet** in a city!

Comes to **Mandalay Bay, Las Vegas**
August 27-29, 2007

The one show you **can't afford to miss!**

storErotica

For the first time — ever — there is an event for every type of adult retail venue that can be found in cities from coast to coast, from adult video stores to intimate apparel stores to gentlemen's clubs. This August, two national conventions—the inaugural **STOREROTICA** Convention and the **15th Annual Gentlemen's Club Owners EXPO**—will combine to form one powerful event. It is truly the only event of its kind, anywhere.

This unique event is being produced by the publishers of three leading industry publications, including **ADULT STORE BUYER Magazine**, **TEEZE Magazine**, and **EXOTIC DANCER Publications**.

Here's what you'll find at **STOREROTICA & EXPO**:

- Two separate Tradeshows with over 450 booths featuring products and services for the owners of adult stores, intimate apparel stores and adult nightclubs.
- Three days of Panel Sessions, Seminars and Workshops provided by leading industry experts, including attorneys, marketing professionals, successful business owners, a Keynote Address by Rick Segel, and much more.
- Three nights of networking parties at some of Las Vegas' hottest venues, including the brand new Penthouse Nightclub & Cabaret.
- No fans. This combined business-to-business convention was specifically designed to provide the ideal setting for adult business owners and operators, vendors and manufacturers.

the auto- suck

As a teen in the pro-PCP/serial-killing/child-porn 1970s, I used to visit a dirty little smut store down near the Philly Greyhound station. In the back pages of HUSTLER's well-thumbed back issues, past the pictorials of Gloria Bunker look-alikes tugging on their saggy beef-jerky labia, there were ads for a delightful device called the "Auto-Suck." Its charm was simple: Plug one end into your car's cigarette lighter, fasten the other end on your dingus, step on the gas, and hit the highway for automotive blowjob fun!

I remember the apparatus resembling a black-vinyl pocket pussy powered by a spring device that robotically gnawed on your knob. Across from the dusty bookstore where they'd let me peruse the nudie mags without buying anything, there was an even filthier store that sold "marital aids" and other Rube Goldberg-style sexual appliances, but you had to be 21 and I'd lost my fake ID.

Turns out the store was part of a chain owned by the Doc Johnson sex-toy empire, makers of the selfsame

...it sucks

Auto-Suck. Their old downtown Philly "marital aids" shop recently closed, but Doc Johnson continues to make the Auto-Suck, and I'll be hornswoogled if I didn't comb most of the Eastern Seaboard 'til I found a sex emporium that still sells it.

The 2005 Auto-Suck model looks nothing like I remember it from HUSTLER. Fully assembled, it's the size of a hair dryer and about as loud. The handle is fashioned of black plastic that's so cheap, it's probably imitation plastic. And the attachment is a clear rubber-gel cannoli with a pinkish "mouth" on one end. It resembles a freshwater hydra or a baby albino eel—SEXY!

And who exactly is supposed to be able to fit their penis inside the rubber cannoli? Pygmy children? Fully limp and shriveled-up on a misty October night as I barreled down a dark road in my unbearably sensuous minivan, I was unable to insert even the tip of my flaccid maleness inside the Auto-Suck's eel mouth as it loudly whirred.

Most girls never have the finesse and seasoning to suck on you hard enough, but the Auto-Suck is even worse. Its low-grade vacuum suction is so understated, it feels like a whisper. If you enjoy the sensation of a three-mile-an-hour wind softly rustling over your penis, this may be your perfect companion for those long, lonely nights, trucker.

But it did nothing for me. After finally managing to squeeze my still-soft prick tip through the creepy synthetic portal, I tried jiggling the machine around to try and stir some interest in my loins, but the rubber attachment kept falling off.

My sexual frustration turned to rage, then quickly to laughter, and then settled into a profound pity for the sad sacks who depend on such contraptions. How long has it been since any man who thinks this feels like a blowjob has actually HAD a blowjob?

The Original World Famous Auto-Suck
Manufactured by Doc Johnson Enterprises

Mine cost \$26.99, but I've seen them priced anywhere from \$19.95 to \$39.99

Vaginal Rejuvenation!

by Samara T. Pants

It's summertime officially, and that means considering vagina uplifts, right? Right. These days most vagina rejuvenation procedures are performed by cutting, slicing, dicing, and injecting your parts with fat. Snatch modification seems to be one of the fastest-growing procedures in cosmetic surgery. Maybe you've heard about it in different terms: "Aesthetic Vaginal Surgery," "Cosmetic Vaginal Surgery," or "Vaginoplasty" (an all-encompassing word but also used for a specific surgery technique). They are procedures that retighten and/or

If you can't wear this with absolute confidence then you need Designer Laser Vaginoplasty!

cut off the netherland tissue in order to gain functionality or sensuality. They are like facelifts for the pussy. The average cost of this type of surgery is \$6,000, so get your credit cards ready.

Let's just skate the binary, right-and-wrong debate on plastic surgery. Instead, we'll be completely one-sided and explore the surgeon's argument: Women shave and they watch porn these days. They are more aware of the aesthetics of the vagina. Give us your money. Help is available! Your femininity can be restored. Maybe this is only an appealing argument for those of us who are pure narcissists at heart. Either way, one should know the options.

Labiaplasty. Reduction of the labia minora (the inner flaps) by removing excess labia tissue. The procedure is not only undergone for cosmetic reasons, but for women with large labia who are uncomfortable in their daily routine, riding a bike, or wearing jeans. The procedure is usually performed with a laser, and it basically sculpts elongated or unequal labia minora, most of the time shortening the inner lips so that they are not longer than the outer lips.

Augmentation Labiaplasty. Reconstruction of the labia majora (the outer folds) by autologous fat transplanting. The surgeon removes fat by liposculpturing, then transplants it into the labia majora.

Perineoplasty. Reduction of both labia majora and labia minora to tighten the perineum (that fleshy spot right before your anus). It rejuvenates the relaxed or aged perineum by severing flesh.

Vulvar Lipoplasty. A procedure where any extra fat in the mons pubis (the hairy pouch) and upper parts of the labia

majora is removed through typical liposuction techniques. It's the answer to Pouch Pussies.

Hymenoplasty. Or hymen construction surgery. This procedure does exactly what it boasts—it reconstructs your hymen through various means. Layers of the starlike edges that make up the non-virgin hymen are peeled off (denuded), then stitched back together for tight regrowth.

Vaginoplasty. Often called LVR (Laser Vaginal Rejuvenation), it is the most well-known of all the cooch surgeries. It is usually customized on an individual basis and can often include a mixture of techniques. The procedure basically tightens the vaginal walls, reinforces the vaginal support (muscles and connective tissue), and tightens the vaginal opening. It is meant to enhance vaginal muscle tone and control when kegel exercises fail.

G-spot Amplification. The newest of vagina surgeries. It is a procedure where collagen is injected into the G-spot to enlarge it for sexual gratification. The injection only lasts a few months, but it can inflate the G-spot to the size of a quarter so there is more chance of feel-good penetration.

There is no evidence that any of these procedures improves sexual satisfaction. Some of the procedures seem to have the potential to harm the function of the vagina, and there are some cases that no one wants to hear about (scarred guts...sick). On the other hand, you may find quotes like these on topnotch plastic-surgery websites: "I'm so excited and amazed with my new labia. The doctor is great!" ... "The prettiest labia I have ever seen is now mine. My boyfriend saw it and can't believe how gorgeous my vagina is. The first time I had sex after the surgery, I swear I came faster than I ever came before in my life. The doctor is a genius!" ... "Ooh la la! Beautiful! Alluring! Tantalizing!" These testimonials may make it worth conquering any vaginal-slicing fear.
